RETURN POLICY

Econobox will accept returns on **stocked items** within 30 days of the purchase date. Stocked items are items stocked on our warehouse floor that are available for immediate shipping.

- To obtain a return authorization you must contact Customer Service at 888-326-6629 or email to csr@econobox.com.
- Nothing will be accepted for return without a completed return authorization.
- Items must be in clean resalable condition.
- Cases and bundles must be in their un-opened original packaging.
- Items will be inspected upon return to the warehouse. If deemed to not be in resalable condition the items will be returned to the customer and they will be charged for the items.

All returns are subject to a restocking charge of 15% or \$25, whichever is greater.

Econobox can not except returns on the following:

- **Stocked Items** that have been opened or damaged by the customer or that were purchased beyond the past 30 days.
- **Non-stocked/Special order items.** These are items we do not stock on our warehouse floor that are purchased from a vendor at the customer's request.
- **Custom Items** are items that have been manufactured to a customer's specific request. Some examples would include anything printed, or bubble and foam that have been slit or perforated.

Items returned because of manufacturer damage or defect will be sent back to the Vendor with a request for credit or replacement of damaged product.

GENERAL BOX INFORMATION

COMMON BOX STYLES

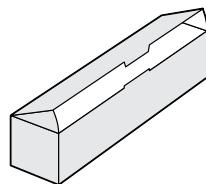

RSC - Regular Slotted Container

All of the flaps of a regular slotted container are the same length, and the lengthwise (normally outer) flaps meet at the center of the box. The space between the inner flaps varies depending on the relation of the length to the width of the box.

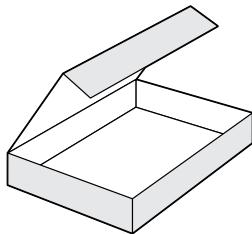

FOL - Full Overlap Slotted Container

When this style is stacked on its side panel, the extra thickness of the corrugated board on the top and bottom panels provides added stacking strength. The outer flaps, which almost completely overlap, make this box unusually resistant to rough handling.

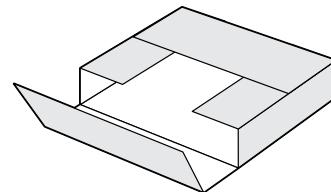

FPF - Five Panel Folder

When assembled, this box has several thicknesses of fiberboard in each end. This provides considerable strength and makes the five-panel folder an excellent container for shipment of articles such as canes, rods, shade rollers, light fixtures, umbrellas, etc. Illustration shows box open and closed with paper sealing tape.

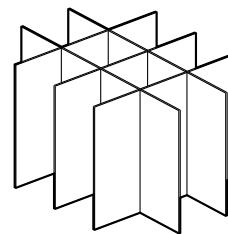

RETT - Rolled End Tuck Top

A rolled end tuck top is a suitable container for packaging small items and/or gifts. It stores flat and is self-locking in setup.

OPF - One Piece Folder

More economical than a carton and they require less storage space. Very quick and easy to use. Available in "Special Style" where all flaps meet.

Partitions

When using a single carton for multiple packaging, partitions separate and protect each item and increase the stacking strength of the container.

USEFUL INFORMATION FOR QUOTING CUSTOM BOXES

- **ORDER DELIVERY POINT:** city, state/province, zip, etc.
- **SIZE:** length x width x depth
- **STYLE:** RSC, FOL, etc.
- **MATERIAL:** board test, flute, color (i.e.: 32ECT C Kraft)
